The \$90,000,000 Federal Seed and Crop Loan Act of 1933

[Public—No. 327—72d Congress] [S. 5160]

An Act to provide for loans to farmers for crop production and harvesting during the year 1933, and for other purposes

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of Agriculture is hereby authorized and directed to request the Reconstruction Finance Corporation to advance to him the balance of the sum authorized to be allocated to the Secretary of Agriculture under section 2 of the Act of January 22, 1932, and the Reconstruction Finance Corporation is directed to make such advances regardless of the amounts of notes, debentures, bonds, or other obligations of such corporation that may be outstanding at the time of making such advances, and the Secretary of Agriculture is further authorized to request the corporation to return all sums heretofore returned and/or released to the corporation by the Secretary of Agriculture, except so much as may have been used by the corporation to establish agricultural credit corporations under section 201 (e) of the Act of July 21, 1932, which sums, together with the sums collected or to be collected from loans made by the Secretary of Agriculture during the year 1932, under said section 2 of the Act of January 22, 1932, shall be available to the Secretary of Agriculture to make loans to farmers during the year 1933, for crop production, planting, fallowing, and cultivation, and in draught and storm stricken areas not to exceed \$1,000,000 for feed for farm livestock: Provided, however, That the total sums used for the purposes of this Act shall not exceed \$90,000,000. Due consideration shall be given to the requirements of the truck-farming industry in the trucking areas of the various States.

Sec. 2. (a) A first lien on all crops growing or to be planted, grown, and harvested during the year 1933, or on livestock, shall be required as security for such loan. Such loan shall be made through such agencies upon such terms and conditions and subject to such regulations as the Secretary of Agriculture shall prescribe.

(b) The Secretary of Agriculture may require as a condition to the making of any loan that the borrower agree to reduce his acreage or production program on such basis, not to exceed 30 per centum, as may be determined by the Secretary of Agriculture, and may provide that any such limitation shall not apply to the farmer, tenant, or share cropper who in 1932, planted not more than a minimum acreage of such crops as shall be designated by the Secretary of Agriculture.

Sec. 3. (a) The moneys authorized to be loaned by the Secretary of Agriculture under this resolution are declared to be impressed with a trust to accomplish the purposes provided for by this resolution, namely, the production, planting, fallowing, cultivation of crops, and feed for farm livestock, which trust shall continue until the moneys loaned pursuant to this resolution have been used for the purposes contemplated by this resolution, and it shall be unlawful for any person to make any material false representation for the purpose of obtaining any loan or to assist in obtaining such loan or to dispose of or assist in disposing of any crops given as security for any loan made under authority of this resolution, except for the account of the Secretary of Agriculture, and for the purpose of carrying out the provisions of this resolution.

(b) It shall be unlawful for any person to charge a fee for the purpose of preparing or assisting in the preparation of any papers of an applicant for a loan under the provisions of this resolution.

(c) Any person violating any of the provisions of this resolution shall be guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine not exceeding \$1,000 or by imprisonment not exceeding six months, or both.

Approved, February 4, 1933.
